

Concrete Fabricators, Inc. has been a producer of architectural and structural precast concrete and cast stone since 1979. Over these 30 plus years we have consistently provided the highest quality precast products and service to our customers. We believe this is why our customers return again and again to use our products for their building projects.

Custom work is our specialty and we take pride in our ability to create shapes, sizes, colors, and textures in almost unlimited fashion. Whether you are looking for sills, lintels, arches, wall panels, stairs, signs, or other building products - we can meet your needs. Many of our products simulate natural stone in both texture and color.

We are able to take your project from the concept stage, to CAD drawings, to production and finally to on-time delivery, all with your approval and input along the way. We invite you to explore our website with our past history and portfolio of past projects. We would also invite you to consider Concrete Fabricators for your next precast or cast stone project. We promise that you will not be disappointed.
